- Drying capacity to 2,5 cbm wood
- Dehydration max 12 l / 24 hours
- Currency absorption 0,3 kW **max.**
- Voltage 230 V/50 Hz
- Weight 32 kg
- Dimensions 700 x 350 x 400 mm

### BRAUN wood dryer T1 super with auxilary burner

- Drying capacity to 2,5 cbm wood
- Dehydration max 16 l / 24 hours
- Currency absorption 0,97 kW **max.**
- Voltage 230 V/50 Hz
- Weight 33 kg
- Dimensions 700 x 350 x 400 mm

### BRAUN wood dryer T2 standard

- Drying capacity to 7 cbm wood
- Dehydration max 70 l / 24 hours
- Currency absorption 0,88 kW **max.**
- Voltage 400 V /50 Hz
- Weight 88 kg
- Dimensions 650 x 660 x 1080 mm

### BRAUN wood dryer T2 super with auxilary burner

- Drying capacity to 7 cbm wood
- Dehydration max 80 l / 24 hours
- Currency absorption 3,5 kW **max.**
- Voltage 400 V /50 Hz
- Weight 90 kg
- Dimensions 650 x 660 x 1080 mm
